Profile Summary

Frontend Developer with 3.5+ years of experience building scalable, high-performance web applications using **React, TypeScript, JavaScript, GenAI and modern UI frameworks**. Strong in **data structures, algorithms, and real-time** data-driven UI development.

Experience

Infosys

April 2025 – Present

Senior Associate Consultant

Pune, Maharashtra

- Updated existing React dev-extreme library components which boosted client satisfaction by 15 %.
- Build dynamic, interactive dashboard using React for **GenAI** application using **D3.js, Material UI, tinycolor2** library to visualize **real time customer interaction data** for over **10M active users** and received 90 % success rate.

Quinnnox

May 2023 – March 2025

Consultant

Mumbai, Maharashtra

- Led the end-to-end development of multiple features of using **jQuery, DataTables, JavaScript, and REST APIs, asynchronous handling**, resulting in a 60% increase in client engagement.
- Upgraded a React application** from **Node.js (10.0.0 to 18.20.1)** and SPFx (1.11.0 to 1.18.2) 50% faster than the planned timeline, optimized components, enhanced performance by 30%.
- Developed complex, scalable and reusable UI components using **React Router, Redux toolkit**, optimized performance issue.
- Analyzed new requirements, tested using **POC**, provided **efforts estimations**, and implemented functionalities, improving project efficiency and delivery timelines.

LTIMindTree

October 2020 – May 2023

Software Engineer

Pune, Maharashtra

- Documented and standardized project artifacts, including **estimation plans, WBD, defect sheets, design specs, UAT documents, user manuals, and release notes**, ensuring compliance with work standards.
- Implemented CRUD operations, Autosave functionality, and comment handling, contributing to smoother user experiences using **JQuery, Azure Logic Apps**.
- Handled production related issues for **React and Node.js**, achieving a 90% resolution rate for critical issues.

Projects

ShopSizzle | [GitHub](#) || *React, Redux, CSS3, HTML5*

October 2023

- * Designed and implemented a **cross-platform e-commerce app** with **React + TypeScript + Redux Toolkit**, integrating Firebase for authentication, product data, and order management.
- * The application uses **firebase db** to fetch the product and order details.
- * Implemented **real-time inventory updates** and offline support, ensuring seamless user experience across devices

Technical Skills

FrontEnd: React, TypeScript, JavaScript (ES6+), Redux, HTML5, CSS3, Bootstrap, Material-UI, Styled-Components, D3.js

Databases: firebase, MongoDB

Backend: Node.js, REST APIs, Python

Cloud and Tools: Azure DevOps, Jira, Git, Postman, figma

Core Skills: Data Structures and Algorithms, Problem Solving, Responsive Web Design, Real-time Data Handling, GenAI

Education

Siddhant Institute of Computer Application (Percentage: 76.21)

2021– 2023

MCA

Pune, Maharashtra

Sadabai Raisonni Women's College(Percentage: 80.64)

2017 – 2020

BSC-IT

Nagpur, Maharashtra
